

PR: for immediate release

X2 presents the XPAD & XPAD PRO XXXL - Soft surface gaming mouse pads

03 October 2013, Maarheeze, The Netherlands. Introducing the series of X2 mouse pads, which are high-quality and professional surfaces designed for gamers. The glossy finish cloth texture is not just comfortable for touch, but also a great improvement of the mouse response and positioning. The foam rubber bottom layer ensures anti-slip and no deformation. It helps to release pressure and improve the comfort of the palm, so to satisfy the requirements of long-hours computer users and gamers alike. The XPADs are available in two sizes, one standard size: 40x30cm and one XXXL size: 120cmx60cm.

Main Features:

- Soft Gaming Mouse pad with glossy finish cloth surface and printed design
- High performance: Glossy finish cloth surface to support "Speed" for both Optical & Laser mice
- Advanced rubber base: special design to keep the mat from sliding in any kind of surface
- Big dimensions provide sufficient gliding area critical mouse movements

Compatibility:

The X2 XPADs are compatible with both optical sensor mice as well as laser sensor mice. It satisfies the requirements of gamers and long-hours computer users.
